

## Checklist for Contributors of Code to WRF

Below is a checklist of the primary steps for contributing code to WRF that developers should be aware of. Full information on the procedures for submission, testing, and documentation requirements are in "Information for Code Contributors" at:  
[http://www2.mmm.ucar.edu/wr/users/contrib\\_info.php](http://www2.mmm.ucar.edu/wr/users/contrib_info.php).

- \_\_\_ Read "Information for Code Contributors"
- \_\_\_ Notify *wrfhelp* of intent to propose code
- \_\_\_ For new physics packages proposed: Prepare information requested by the WRF Physics Review Panel
- \_\_\_ Perform case testing
- \_\_\_ Perform software testing (WRF Testing Framework)
- \_\_\_ Submit form for proposal to commit to Developers' Committee (DC)
- \_\_\_ Provide code documentation to DC
- \_\_\_ Work with DC to resolve any issues (as necessary)
